SUMMARY

Social media manager who plans, creates, and publishes content — reels, graphics, and stories — and keeps brands consistent across platforms. As Social Media Manager at No Boundaries Marketing Group (USA, remote), I designed and scheduled content, monitored engagement, and responded to online conversations while staying current with social trends and platform updates. At LetzMarket (Canada, remote) I supported marketing campaigns and content across social, web, and print, collaborating with the creative team to maintain consistent branding. Detail-oriented and focused, I work effectively both independently and within a team, using strong communication skills to solve problems and meet deadlines.

WORK EXPERIENCE

Assistant Marketing Coordinator / Administrative Staff — LetzMarket **2025**
Digital Marketing — Canada (Remote)

- Supported marketing campaigns and content creation across social media, web, and print
- Collaborated with the creative team to maintain consistent branding
- Managed administrative tasks to support operations and team efficiency
